

We are still vaccinating our Group 3 population to protect against Covid-19

You are part of this group if you:

- are over 65
- have a relevant underlying health condition (visit [covid19.govt.nz](https://www.covid19.govt.nz) for more details)
- are pregnant
- have a disability

We will contact you directly when it is your turn to book an appointment.

There are 20,000 people in Group 3 in Wairarapa and, while we are working as fast as we can, we simply can't vaccinate everyone all at once. You will be invited directly, over time, by text, email or letter and given clear instructions how to book your vaccination.

You can book with us by phone or by email. Please do not share your booking invitation – it is just for you.

Want to be involved in the vaccination programme?

Wairarapa's Covid-19 vaccination programme relies on a strong team, including vaccinators and administrators. If you are a great communicator, enjoy a collaborative environment, and would like to talk to us about joining the team, go to our recruitment website

www.wairarapadhbjobs.co.nz and apply.

Visit www.VaccinateGreaterWellington.nz to find out more or call the Covid-19 Healthline for free on **0800 358 5453**.

DHB happy with Wairarapa's excellent vaccination uptake

Wairarapa has been quick to take up their invitations to vaccinate and demand has been high for Group 3 bookings. Initially, keeping up with the volume was a challenge – but moving to the national call centre has really helped us to manage the volume of callers.

Making vaccinations accessible for people is key to the success of a vaccination programme of this scale. We have two clinics, one in Masterton and one in Featherston, and we run specific audience clinics and mobiles too. We will be vaccinating in various places throughout Wairarapa as we roll out to Group 4.

Recent examples of tailored vaccination opportunities have included kaupapa Māori clinics, disability clinics and Pasifika clinics - like the recognised seasonal employer (RSE) one, pictured. This was a fun event! See more pictures & story on our website.
