

# How would your clients, their whānau and your staff like to receive the Covid-19 vaccination? Please share your thoughts with us!

Hauora Mō Tatou  
our place - our people - our choice

## You can be vaccinated now!

Our disability population, and the whānau and staff that support them, are part of our priority group. If you haven't had your Covid-19 vaccination yet, now is the time. We would love to make that happen for you.

Below is some information about how you can book into one of our permanent vaccination clinics. Or, if there is a better way we can help with your vaccination, we'd love to hear from you.

It is really important to us that we make it as easy as possible to get your vaccination. Please consider these five questions and share your ideas with us.

Together, we can make sure our disabled community gets the best service available. Thanks for your help!

- What is the total number of staff, clients and whānau that you work with?
- Is there an established group time that your clients and their whānau meet together? If so, let's talk about how we can bring vaccination to you.
- If we were to offer an individualised clinic to vaccinate your staff, clients and whānau team, what suggestions do you have regarding time/day, accessibility requirements and environment?
- Who is the best person for us to liaise with?
- How much and what level of information would your staff, clients and whānau require to help them make their vaccination choices?

**Please complete the attached form. Thank you!**

## Book online or over the phone:

Call 0800 28 29 26 between 8am and 8pm any day of the week, or go online to [www.BookMyVaccine.nz](http://www.BookMyVaccine.nz)

**You don't need to know your NHI number but it will make the process faster for you**
