- Speakers at school/public events.
- Work with organisations providing relevant services to align alcohol related support.

### Taha Wairua (Spiritual health)

#### Current activities:

- Councils through community services and activities that promote connection to a place.
- Other organisations providing spiritual support, including for issues that are alcohol-related.

#### Possible future activities:

- Family-focused community events and initiatives.
- Link campaign to council and other organisations' initiatives that highlight the connection between identity and place.
- Work with iwi.
- Identify opportunities to raise awareness about available support services.

## Research Priorities

1. Positively occupied resilient young people.
2. Reduced rates of risky drinking behaviours (and reduced associated violence particularly at home).
3. Enhanced support where there are alcohol issues (and reduce associated harm and violence).
4. Community educated and empowered in alcohol harm reduction.
5. Environments that prevent issues and/or reduce alcohol related harm.
6. Improved co-ordination, monitoring and evaluation.
